STUDENT PARENT PORTAL

This week sees the introduction of the student-parent portal for year 7 students, any new enrolments in other years and parents/carers of these students. Letters will be posted to most new student's households in coming days to enable parents/carers to create their account for the "sentral parent portal". It is a convenient way to keep up to date with what is going on for your student. Please make sure you register as soon as possible once you receive your letter from the school with your student/s access key.

For parents/carers with an existing account for their students in years 8 to 12 and a student starting in year 7, please be aware that your existing login should connect you to your year 7 student because the system recognises that they are connected to the family. In this case you will not receive a letter. Please check to see whether you have access to your youngest student and let the school know via email if there is a problem.

If you have forgotten your password there is a "forgot password" function at the bottom of the login page (in red print) that will allow you to have a new password sent to your email address.

To register go to:

<http://web1.lambton-h.schools.nsw.edu.au/portal/register>

You will need the access key to finish the process - see your letter.

To continue to use the portal, set up a shortcut or favourite to:

<http://web1.lambton-h.schools.nsw.edu.au/portal>

School based organization can now be coordinated through this channel with parents and carers now having direct access to school information including the school calendar, daily notices and the ability to explain absences on behalf of your student.

Ancient and Modern History Tour 2019.

Biannually since 2007, Lambton High School has conducted highly successful study tours for Senior Students to Europe. We have now confirmed our itinerary for the 2019 tour to include Italy, Germany, Poland and the Czech Republic at a cost of \$6990 to students. Academy Travel has planned a fully inclusive package (excluding lunch only) that complements the Ancient History and Modern History core studies for the HSC. The 2019 tour will be leaving on Friday 12th April and returning on Saturday 27th April 2018 and does not impact senior learning but certainly is a learning advantage over the rest of the state for all who attend.

We understand that the proposed study tour represents a significant financial commitment for parents and students and for this reason, planning needs to begin immediately. The reward for such an outlay would be an unforgettable educational, cultural and social experience for all participants. A parent meeting for current Year 10 and 11 students for the 2019 tour is being held on Monday 12th March 2018 at 6pm in the LHS School Library. An Academy Travel representative will attend this meeting to answer any questions you may have in regards to this tour and give you further information.

Expressions of interest forms are available in the HSIE staffroom, these initial interest forms are due now. Please email elissa.ivory@det.nsw.edu.au if you have any further enquires.
